Evelyn,

I want to thank you for providing comment on the Department's new and revised monitoring and assessment protocols in the draft 2015 Assessment Methods. The 2015 Assessment Methods will be final in the coming weeks and will be used for the 2016 Integrated Report. The Nutrient Impact Assessment Protocol, however, will not be made final as we have decided to further develop and refine the protocol before applying it for assessment. Attached is a PDF copy of the letter that will be mailed to you today.
